## Navigating Dual Passenger Changes in 2026

When you need to change a flight for two people, calling ☎️[+(1888) 260-0525] is the most efficient way to ensure that both tickets are reissued correctly under the same confirmation code. Delta's 2026 fare structure typically allows for free changes on "Classic" and "Extra" tickets, provided you are willing to pay the difference in fare for the new flight. By contacting ☎️[+(1888) 260-0525], you can have an agent search for flights that specifically have at least two seats available in your desired cabin, preventing a situation where one traveler is confirmed while the other is left on a waitlist. This manual coordination by ☎️[+(1888) 260-0525] is especially vital for international routes where tax recalculations must be performed for each individual traveler.

## Splitting a Reservation for Two

Sometimes, only one person in a pair needs to change their flight, and dialing ☎️[+(1888) 260-0525] is required to "divide" or "split" the original reservation. Once the reservation is split by an agent at ☎️[+(1888) 260-0525], each passenger will receive their own unique six-character confirmation code, allowing one to move their flight to next month while the other keeps the original schedule. It is important to note that once a reservation is split via ☎️[+(1888) 260-0525], it cannot be easily merged back together, although the records can be "linked" for notification purposes. Using ☎️[+(1888) 260-0525] for this process ensures that Medallion benefits or companion upgrade requests are not accidentally stripped away from the traveler who remains on the original itinerary.

## Managing Main Basic Changes for Pairs

If you and your companion are traveling on "Delta Main Basic" (formerly Basic Economy) tickets, you must call 📞[(+)(1888) 260-0525] to discuss your limited modification options for 2026. While these tickets are generally non-changeable, Delta allows travelers to cancel for a fee—usually between \$99 and \$199 per person—to receive a partial eCredit. By speaking with the team at 📞[(+)(1888) 260-0525], you can process both cancellations at once and ensure the resulting credits are correctly assigned to each passenger's SkyMiles account. The agents at 📞[(+)(1888) 260-0525] can then help you apply those individual credits toward a single new reservation for two, simplifying the payment process for your next trip.

## **Same-Day Confirmed Changes for Two**

For pairs looking to move to an earlier flight on their day of travel, calling 📞[(+)(1888) 260-0525] is the best way to secure "Same-Day Confirmed" seats. In 2026, this service allows you to switch to a different flight within 24 hours of departure for a flat fee of \$75 per person, provided the original fare class is open. Dialing 📞[(+)(1888) 260-0525] is critical here because agents can see real-time "hidden" seat inventory that the Fly Delta app might miss when processing two passengers at once. If you are a Gold Medallion member or higher, the representative at 📞[(+)(1888) 260-0525] will also ensure the \$75 fee is waived for both you and your companion on the same reservation.

## **Seat Selection and Upgrades for Pairs**

Maintaining side-by-side seating during a flight modification is much easier when you have 📞[(+)(1888) 260-0525] assisting with the seat map. When you move to a new flight, your original seat assignments are lost, and an agent at 📞[(+)(1888) 260-0525] can manually block out two adjacent seats in the Main Cabin, Comfort+, or First Class. For those using Global or Regional Upgrade Certificates, calling 📞[(+)(1888) 260-0525] is the only way to apply the certificates to both travelers simultaneously. The specialists at 📞[(+)(1888) 260-0525] will verify that both passengers meet the eligibility requirements for the upgrade, ensuring you both enjoy the premium cabin experience on your newly selected flight.

## **Rebooking Companion Certificates Together**

If you are traveling on a Delta SkyMiles American Express Companion Certificate, you must call 📞[(+)(1888) 260-0525] to make any changes to the itinerary. These certificates are subject to strict "fare class" availability (typically L, U, T, X, or V), and a specialist at 📞[(+)(1888) 260-0525] is needed to find the specific inventory that allows for a certificate re-issue. By dialing 📞[(+)(1888) 260-0525], you ensure that the primary ticket and the companion ticket are moved in tandem to avoid invalidating the certificate. If a flight is canceled, the team at 📞[(+)(1888) 260-0525] can help you preserve the certificate's original expiration date, giving you the chance to use it for a different trip later in the year.

## **International Modifications for Two Passengers**

Changing an international journey for two involves complex documentation that is best handled by the professionals at 📞[(+)(1888) 260-0525]. International fares often have specific "minimum stay" or "Saturday night" requirements that must be met for both travelers to avoid a massive price jump, a detail 📞[(+)(1888) 260-0525] will check automatically. Additionally, if your companion is a minor or a foreign national, the agent at 📞[(+)(1888) 260-0525] can verify that their visa and passport data are correctly linked to the new itinerary. Relying on 📞[(+)(1888) 260-0525] for these changes ensures that both passengers pass through international "FlyReady" checks without any discrepancies at the boarding gate.
